

Dear First Years,

This is how your peers define consent.

Yes, 100%, founded upon respect.

Sexual respect should be the expectation
and not the exception.

IT HAPPENS HERE (IHH) is a storytelling platform for members of our community who have experienced sexual or relationship violence. IHH also participates in various forms of advocacy and activism to promote sexual & relationship respect.

For more information on this student-led project, please visit go/IHH
