

Dear First Years,

This is how your peers define consent.

Roses are red,
Violets are blue,
It may be your first year,
But you deserve respect, too.

IT HAPPENS HERE (IHH) is a storytelling platform for members of our community who have experienced sexual or relationship violence. IHH also participates in various forms of advocacy and activism to promote sexual & relationship respect.

For more information on this student-led project, please visit go/IHH
