In buying the large amount we do, we obtain our Goods of the Agents for the Manufacturers, and hence we are not compelled to pay two grafts before they get into our hands. This gives us a decided advantage over those who buy in smaller quantities, as they pay one phofit which we have by huying direct from the Manufacturer's agent.

One merchant says, How is it possible that Lyman & King can sell Catton cloths so low, when they have advanced in Boston 2 cents a year? Another says, Have you seen L. & K's heavy Overcoat Cloths, that they are selling for \$1,50 pr yard, 6 quarters wide? I believe some one must furnish them with goods without pay, for it is less than we bought in Boston?

A compound liabamic preparation of the Prunus Virginia, or "Wild Cherry Bark," combined with the Extract of Tar, prepared by a new chemical process, approved and recommended by the most distinguished physicians, and universally acknowledged the most extinable medicine ever discovered.

The universal existing which this medicine is rapidly gaining in every section of the country, and the many astonishing cures it has efforted, have now established its efficacy beyond all doubt; but it should be remembered, that in diseases of the LUNGS or LIVER, as in all other chronic affections, a little time is always necessary to effect a cure. Although in most cases the flatsam will afford a most immediate relief, and stan effect great changes in a few ways, it In every case in so short a line; yet, from the high colebrity it has acquired, we find many possurs are apt to expect to much at the commencement, which other expect a single both; to afford them grower relief than all the medicines they had taken for months pro-We will not assert that the BALSAM will care consumetion in
